Bloomfield's Cypress II is a luxurious 1.5-story home that seamlessly blends craftsmanship and elegance, offering 4 bedrooms and 3 baths on a desirable interior lot. Beyond the striking 8' front door, the inviting interior is filled with upgrades, from the rich Laminate Wood floors to the abundance of natural light streaming through large windows and charming window seats. A private Study with Glass French Doors sits off the entry, while the open-concept Family Room flows into a Gourmet Kitchen that exudes both beauty and function. Charleston Pure White cabinets contrast beautifully with La Playa White Quartz countertops, a stylish herringbone backsplash, and a spacious island perfect for barstools. The adjacent Breakfast Nook, enhanced by a built-in buffet, features a bay window for added elegance. Designed for versatility, the home offers ample storage with a walk-in pantry and large closets, while upstairs, a private bedroom, full bath, and a versatile Game Room create the perfect retreat for guests or family.
