Bloomfield's Hawthorne features 4 bedrooms and 2 baths in an open-concept, single-story layout. This home boasts a striking exterior with a Stone and Brick combination, an 8' Ornamental Glass Front Door, and a large bay window for unmatched curb appeal. Inside, the heart of the home is the chef-inspired kitchen, where a large island with a neighboring buffet enhances the layout, offering plenty of counter space, custom cabinetry, and a walk-in pantry for seamless storage. Stainless steel appliances, including a wood vent hood and pot and pan drawers, pair beautifully with exotic Granite and Quartz countertops. Laminate Wood floors flow extensively throughout the presentation areas, while the Family Room centers around a cozy Tile-to-Mantel Fireplace with wood-burning capabilities. The Primary Suite is a serene retreat featuring a spacious design and an ensuite bath with a separate shower. Tucked away on an interior oversized lot, this home also includes a tankless water heater for added convenience. Three secondary bedrooms are thoughtfully positioned at the back, sharing a well-appointed hall bath. Contact or visit Bloomfield at Hunters Ridge in Crowley today.
