The 'Spring Cress' plan is a favorite two-story with expansive living spaces, an enviable curb appeal from a classic brick J-swing exterior; and a smart design with 5 bedrooms, 4 baths, and a powder bath spread among two floors. Fully upgraded top to bottom with a contemporary tile fireplace, Junior Suite downstairs, and a Gourmet Kitchen setup lined with chic quartz countertops. Meant to perform, the kitchen has upgraded built-in SS appliances including a gas range beneath a wood vent hood with pot & pan drawers below! The Study, Media Room, and huge Primary Suite are also located downstairs. The signature of this home is the soaring Family Room ceiling with an overlook from the Game Room upstairs & extensive picture windows! Hunters Ridge offers residents must-have amenities like a pool, and Bloomfield is open every day! Come take a tour of all this home has to offer - start with the large front yard & end on the covered patio!
