On a highly-desired corner lot, Bloomfield has built an expansive 3,700-square-foot home sporting lots of upgrades and an oversized 3-car garage! The Primrose FE V floor plan places the Primary Suite and 2 secondary bedrooms on the first floor and another bedroom upstairs with direct access to a full bath. Dedicated spaces for all life's events like a Formal Dining Room, Game Room, Media Room, Study, and large Mud Room with a utility closet. Two garage bays, a tankless water heater, upgraded wood tile flooring, a double oven, and gas logs in a Stone-to-Ceiling Fireplace are all useful features. Other thoughtful design elements include a buffet at the casual dining nook, individual vanities in the Primary Bath, a Powder Bath, 2" faux wood blinds, soaring ceilings, a Covered Rear Patio, and storage or seats at many of the windows. Major highways close by make commuting to all areas of DFW a breeze, and the community is located right outside Thorntree Golf Club and Harrington Park. This home is available to tour daily, or stop by Bloomfield's model (that's the same plan) to explore all we offer in Homestead at Daniel Farms!
