An elegant, modern residence designed for comfort and style with 4 bedrooms and 2.5 baths. This contemporary gem features an open-concept layout, high ceilings, large windows, and cozy window seats, all complemented by beautiful laminate wood floors in the main living areas. The chef-inspired kitchen boasts exotic granite countertops, custom cabinetry, stainless steel appliances, convenient pot and pan drawers, a spacious pantry, and sleek, modern cabinet hardware. The Family Room is perfect for relaxing with its striking stone-to-ceiling fireplace and cedar mantel with a gas starter. The private Primary Suite offers a tranquil retreat with a spa-like bath, including a separate tub, a shower, and a generous walk-in closet. Added conveniences include a full-sized two-car garage, a well-equipped laundry room with built-in storage, a mud bench, a tankless water heater, and additional closets throughout. The home's stunning brick and stone exterior is enhanced by professional landscaping and an elegant 8' front door.
