This Willow plan sits on an oversized lot giving plenty of outdoor space to enjoy. Inside you will find an open-concept flow from the Kitchen into the Family Room with a wall of windows that stream in natural light. Wood-look Laminate flooring flows through the main living areas setting a nice style to the home, and it's perfect for easy cleanup. Your Primary Suite is located in the back corner of the home with views of the private backyard, and has an upgraded ensuite that includes an oversized walk-in closet and a large shower. Kitchen countertops are granite providing an upgraded feel to the space. There are 2 additional bedrooms centrally located, a dedicated Laundry Room with a Mud Space, and a private Study to provide a perfectly designed single-story home. Don't forget about the addition of the Covered Patio, perfect for finding shade on those sunny days. Make sure to contact us today and visit the Hulen Trails model for more details!
