Willow floor plan from Bloomfield Homes, part of Elements Series, offers a beautifully designed single-story home that perfectly blends style and functionality. Beyond the impressive 8' front door, the open layout invites you into a space filled with contemporary touches, from sleek stainless steel appliances with gas cooking to a striking stainless steel and glass vent hood in the kitchen. The heart of the home is brightened by natural light from windows that frame living areas, while two additional bedrooms are thoughtfully positioned for convenience. The Primary Suite at the back offers direct access to the Covered Patio, which is ideal for relaxing in the shade. A dedicated Laundry Room with Mud Space enhances everyday practicality, and a private Study with bay windows offers a peaceful workspace. Outside, a fully fenced backyard, front landscaping, and sprinkler system add to the appeal of this interior lot, complemented by community amenities like a playground, pool, and scenic trails.
