Be the first to live in this modern home with an open-concept layout named 'The Jasmine.' All of today's hottest features were included: tall ceilings, massive windows, storage in the laundry, a covered porch & patio, and laminate wood floors lining the common areas. The open kitchen is designed for easy prep work with exotic granite countertops, custom cabinets, SS appliances, and a roomy pantry. The Primary Suite on the opposite side of the home away from the other 3 bedrooms for added privacy; the bath has a separate tub and shower with a seat, as well as a great walk-in closet. Lots of storage thanks to a full sized 2-car garage and a laundry room with a mud bench, shelving, and closets. Sitting on an interior lot in idyllic Kings Fort. Handsome brick & stone façade enhanced by a professional landscaping package and stately 8' front door.
