Bloomfield Homes is thrilled to present the Spring Cress plan, a two-story of great proportions with 5 large bedrooms, 4.5 baths (including a powder bath downstairs), and dedicated entertaining spaces! Contemporary finishes make this build feel custom like quartz surfaces throughout, wood-look tile in common areas, a modern tile fireplace with a box oak mantel, and upgraded tile at the kitchen & primary shower! A Media Room and Study are located downstairs, along with the lux Primary Suite and private Junior Suite. With our Deluxe package, the kitchen has a gourmet set-up centered around a roomy island. Upgraded SS appliances come built into the custom cabinetry with upgrades like pot & pan drawers and a wood vent hood. Two-story ceiling found in the Family Room and an overlook half-wall at the Game Room upstairs! 3 more spacious bedrooms upstairs sharing 2 baths, each with a walk-in closet. Residents get to enjoy a pool, a trail around a pond, and parks. Call Bloomfield today.
