MODEL HOME FOR SALE! Bloomfield Homes offers a chance to own the best spot in Somerset - HUGE, CORNER lot across the street from scenic pond views and trails with professionally designed and maintained landscaping! We chose our most popular floor plan for this model, the Carolina IV. 4 bedrooms and 3 baths are split between the two floors, along with a Study, Formal Dining Room, Game Room with tech center, and Media Room. From the moment you enter, stylish finishes and useful features catch your eye like a classical Rotunda Entry, contemporary silver light fixtures, Beachwood tile floors, a buffet at the Breakfast Nook, a stone-to-ceiling fireplace with hearth and cedar mantel, and noticeable storage space! The home sports painted grey cabinets and granite countertops throughout. The massive Primary Suite has both a shower and deck mount tub with upgraded tile. Another perk of buying this former model home is that you get to keep the custom window drapes and seat cushions. They perfectly complement the accent wall paint (sold as is). The potential here can't be beat - come explore this loved Bloomfield model at Somerset today!
