Windows, high ceilings, an elegant foyer with glass French doors, and a spacious Primary Suite with a seating area... these are defining elements of Bloomfield's Hawthorne II plan and that's only skimming the surface! We selected upgrades to enhance the daily performance of this home, as well as add extra visual appeal. In the combined living space you find wood floors, quartz surfaces, pure white shaker cabinets, and a timeless stone-to-ceiling fireplace with a cedar mantel. Deluxe Kitchen package upgrades the SS appliances to built-ins, and adds wood vent hood above the gas range. The Covered Rear Patio off the Family Room has a gas stub if you love to grill, and there's a tankless water heater for instant temperature control! Tech Desk & full bath sit across the hall from 2 downstairs bedrooms. The Game Room upstairs shares a bath with Bedroom 4. Lots of storage, window seats, gutters, 2" faux wood blinds, 8' front door & much more! Bloomfield's ready to help find your dream home.
